

Your so extraordinary  
Somethings who's got a hold on me  
Your so extraordinary  
Somethings who's got a hold on me  
If this feeling has emotion...  
Someone who's got a hold on me

Rumble anyday n-gga pick a date  
I'm feeling great, I don't walk I just levitate  
I come from the bottom of the slum village  
Where n-ggas make a name for being young killers  
I hate the game and all the bullshit that come with it  
Sometimes I wanna get the money and be done with it  
But right now I'm feeling better than the usual  
Flow so ugly make my bank account beautiful  
They call me Gudda n-gga who is you  
Bedrocking every girl was a 2 for 2  
That's right n-gga the more the merrier  
Extraordinaire. Extra-ordinary, n-gga.

We took the game to another level  
Killing all these rap n-ggas time to get the shovel  
I don't want this shit I want this shit forever  
Until the game crown me king like Ms Corretta  
Yeah. Chase the money with my eyes open  
Cause I'ma die trying and never die hoping  
Shit about to get critical

It's Guddaville 2, and the first one was biblical  
F-ck the bullshit I'ma leave these n-ggas miserable  
Spit the hardest shit till I start to see residuals.  
That's right n-gga the more the merrier  
Extraordinaire. Extra-ordinary, n-gga.

Propane thoughts; I spit gasoline.  
I be the first to come and the last to leave  
Some of the realest shit I ever spoke  
I hope your hearing everyline and catching every quote  
Flow sick there's no antidote  
Lock me in the zoo. They can't tame me: I'm an animal  
There's no stopping me. there's no holding me.  
There's no games n-gga. there's no controlling me  
I know the Lord watching over me.  
Had to get the snakes from around me so it's more for me.  
That's right n-gga the more the merrier  
Extraordinaire. Extra-ordinary, n-gga
