

# Where Would I Be?

Gwen Stefani

Where would I be, boy?  
If you didn't love me, boy?  
If you didn't love me, boy?

I was drifting out,  
Then you pulled me in  
Lightening on my skin, oh  
Turn me on just like a switch  
Now you got me lit  
Oh no you didn't

Just so you know though  
I want a shot of your vitamin  
Fill up my solo-cup  
When I'm feeling so lonely,  
And losing my control  
I need some water, so water me  
I need some water, so water me  
Uh!

Where would I be, boy?  
If you didn't love me, boy?  
If you didn't love me, boy?

There's nothing I can do  
I just can't resist  
You've got the perfect kiss, whoa  
Turn me on just like a switch  
Now you got me lit  
Oh no you didn't

Just so you know though  
I want a shot of your vitamin  
Fill up my solo-cup  
When I'm feeling so lonely,  
And losing my control  
I need some water, so water me  
I need some water, so water me  
Uh!

Where would I be, boy?  
If you didn't love me, boy?  
If you didn't love me, boy?

Yeah, you putting in overtime  
I scored, you are the prize  
What? Uh-uh!  
What? What? Uh-uh!  
Yeah, you putting in overtime  
I scored, you are the prize  
What? Uh-uh!  
What? What? Uh-uh!

I just hang with you now  
I guess that's just what I'm gon' do now  
I just love on you now  
I guess that's just what I'm gon' do now

Where would I be, boy?  
If you didn't love me, boy?  
If you didn't love me, boy?

If you didn't love me, boy  
Where would I be, boy?  
If you didn't love me, boy  
(I don't know what to do)

Where would I be, boy?  
If you didn't love me, boy?  
If you didn't love me, boy?
