

Ethereal Prayer

Hentai Corporation

Feel ether nights, celebrate fractals, the shelters of saint life
Feel ether days, count me as your friend not an enemy, cosmic intelligence

Love me, love me, come on love me
All you have to do
is you gotta love me to meet gorgeous sacred light
Love me, love me, come on love me
All you have to do
is you gotta love me to enlighten bodymind

Feel eden blasts, impulsive oceans that trigger off the rest
Feel eden gasps, satiric moments, blocks from constants, steady comic relays

Love me, love me, come on love me
All you have to do
is you gotta love me to meet gorgeous sacred light
Love me, love me, come on love me
All you have to do
is you gotta love me to enlighten bodymind
Love me, love me, come on love me
All you have to do
is you gotta love me to enlighten bodymind
Love me, love me, come on love me
All you have to do
is you gotta love me to meet gorgeous sacred light
Love me, love me, come on love me

Don't be a parasite, don't be a parasite,
don't be a parasite, interconnect minds!
Don't be a parasite, don't be a parasite,
don't be a parasite, interconnect minds!
Ugh love me, ugh love me, ugh love me!
Interconnect minds!
Ugh love me, ugh love me, ugh love me!
Interconnect minds! Love me, oh baby love me, yeah!
Yeah, Yeeeah!

All you have to do
is you gotta love me to meet gorgeous sacred light
Love me, love me, come on love me
All you have to do
is you gotta love me to enlighten bodymind
