Red Head Suicide

Her Bright Skies

(YEAAAH!) Keep on dancing, baby all night long count the days 'til it's all gone Do you still taste me on your lips? can you even feel at all? "the bottle saved me" is what she said you don't know how wrong you are I got one thing left to say FUCK YOU! now watch me throw it all away and you'll remember When every step just feels so right i'm not coming back right now you feel okay but the charades will start all over (over again) can you see me slip away? we're dead and gone that's what i told her (i told her) "Am i still dreaming?" "is this real?" try and make some sense of it don't you forget what makes you strong it's not me you're waiting on Now i've got the chance to break away and be free i'm outta here! This is the countdown we're taking this too far this is how it's gonna be will you ever let me go?
