

Sell It All, Run Away

Hilltop Hoods

She took my hand like 'Let's elope'
I shook, I ran, I never wrote
I sold it all, I ran away
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey

We felt like Kurt and Courtney
In all our dirty laundry
Stayed up thirty, forty
Hours, told me she'd murder for me
We felt like Courtney and Kurt like
All that you've brought me is hurt, Why've
You gotta hollow me out like a termite?
Runaway, hey, hey
We felt like Bobby and Whitney
Till we fell like Bobby and Whitney
Felt like Johnny and Winona
Put me in a coma till cops come get me
Honestly watch me, I think we
Flew too close to the sun are you with me?
I feel like a runaway, like god isn't with me
Runaway, hey, hey

She took my hand like 'Let's elope'
I shook, I ran, I never wrote
I sold it all, I ran away
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey

We felt like Sid and Nancy
A pair of sycophants we
Skipped the light fandango
Stripped ourselves and licked the candy
Like, how can we be so happy
Right, in all this mess we made ourselves?
Let's run away, escape our cells
Hey, hey, hey
Is what we told each other
We'd lay, we'd hold each other
We'd pray, we'd roll each other
From gutter to gutter from sun down
Till sun up, we'd run 'round all cut up
Through come downs and hunger
All strung out, I loved her, I love her
Runaway, hey, hey

She took my hand like 'Let's elope'
I shook, I ran, I never wrote
I sold it all, I ran away
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey
Run away, hey, hey

She took my hand
Said 'Let's leave our problems behind us'
I shook I ran
Somewhere it's always a Summers day
I sold it all
Ran towards the light and took no reminders
Where no one could find us, just a pair of runaways
Run away, hey, hey

She took my hand like 'Let's elope'
I shook, I ran, I never wrote
I sold it all, I ran away
Run away, hey, hey
