

My Way - My Rules - My Profit

His Statue Falls

Hold on listen what I have to say
I'm really glad to let you know
That I'm willing to forget you now
Oh no I heard these words too often babe
So many chances but you failed
I'm feeling better all alone
See me smiling
Hear me breathing
I'm alive

But the question still remains
So tell me how you feel
Don't you feel the same
This could be the end
Or is it just the beginning of something new
It's the beginning of the end
So I guess that we are through
Don't you feel the same
It could be the end

Problems yeah I guess that's all we had
Selfishness in times of sadness
Apathy instead of happiness
I will work hard on doing what I can
Crossing borders for a better life
For a way brighter tomorrow

The answer my dear is
As simple as it sounds
Either way I won't be misunderstood
The fate of your heart
Is uncertain till you've found
Any person any place where you belong

I'm alive can you see my chest moving
I'm alive right in time with the beat of this song
I'm alive my way my rules my profit
I'm alive I won't stop till all is said and done

See me smiling
Feel me breathing hear
The sound of my heart beating
I'm alive

But the question still remains
So tell me how you feel
Don't you feel the same
This could be the end
Or is it just the beginning of something new
It's the beginning of the end
So I guess that we are through
Don't you feel the same
It could be the end

But the question still remains
So tell me how you feel
It's the beginning of the end

So I guess that we are through

I'm alive can you see my chest moving
I'm alive right in time with the beat of this song
I'm alive my way my rules my profit
I'm alive I won't stop till all is said and done
