

# To Do With Love

The Hollies

Next time I meet a girl, I won't ask her her name  
Or where she's been, or where she came from  
The last time I found love it only brought me pain  
The problems almost took me over

I was washing up for mother, I was lighting pipes for papa  
And fetching water  
And that's got nothing at all, that's got nothing at all  
To do with love

Next time I meet a girl  
I won't tell her my name  
Or where I've been  
Or where I came from

I'll take a hold of her  
And love her just the same  
No need to mention past acquaintances

I just want someone to love me  
And someone to like the presents  
That I bought her  
'Cause that's got something to do  
Yes, that's got something to do  
To do with love

Each girl I meet comes up wronger  
And I can't take it all much longer  
No, I can't no

Next time I meet a girl  
I won't tell her my name  
Or where I've been  
Or where I came from

I'll take a hold of her  
And love her just the same  
No need to mention past acquaintances

I just want someone to love me  
And someone to like the presents  
That I bought her  
'Cause that's got something to do  
Yes, that's got something to do  
To do with love
