

# Whole World Over

The Hollies

Gonna search the whole world over  
Gonna find the one I love  
Even though it takes a hundred years

Gonna take the one the I love  
Underneath the stars above  
Makin' sure that she really cares

Happiness will be mine  
Underneath the stars that shine  
Here's hopin' she will be  
Always standin' here by me

Gonna tell the whole world over  
Now I found the one I love  
Gonna praise and thank the Lord above

Happiness will be mine  
Underneath the stars that shine  
Here's hopin' she will be  
Always standin' here by me

Gonna tell the whole world over  
Now I found the one I love  
Gonna praise and thank the Lord above
