

# Crying Over You

Honne

You don't mean to be a problem  
You don't mean to cause me pain  
You don't mean to do much but they're one and the same  
I don't know where this came from  
I thought we were plain sailing  
This has taken me aback and it goes without saying  
That I'm gonna feel broken for a bit  
Life's gonna be a little bit shit  
Ohh, for at least the next week  
We had our flaws I'll be the first to admit  
And we both struggled to commit  
But ohh, was it really that bleak?

And I don't know why I've been crying over you  
For the life of me, I wish that I knew  
And I don't know just how much more I can go through  
Man oh man, I wish I knew why I've been crying over you

I don't mean to be a problem  
I don't mean to cause you pain  
Don't wanna break it up but there's no other way  
You're not the only one who's hurting  
Or who's finding this hard  
But you gotta admit that we're drifting apart  
Look, we're gonna feel broken a bit  
And it's gonna be a little bit shit  
But you'll find the strength when you're weak  
You'll find a love when you least expect it  
It could be any minute  
So don't fight the tears on your cheek

And I don't know why I've been crying over you  
For the life of me, I wish that I knew  
And I don't know, just how much more I can go through  
Man oh man, I wish I knew why I've been crying over you

(I've been crying over you  
I've been crying over you)

You're not the only one hurting  
And though I can't say when  
I know love will find its way again, way again

I don't know why I've been crying over you  
For the life of me, I wish that I knew  
I don't know, just how much more I can go through  
Man oh man, I wish I knew why I've been crying over you  
Man oh man, I wish I knew why I've been crying over you  
Man oh man, I wish I knew why I've been crying over you
