I never cared for simple words of tenderness I never thought my life could be as sweet as this But now I know I want to spend it all with you, baby I drive my car And think about you constantly I lie awake And I want to feel you next to me What can I do? My life's only complete with you, baby You are the one I treasure A part of me forever And I'll be there with you Whatever you do With all of my heart I promise you I'll be there with you Just know that it's true With all of my heart I'm there for you Wherever you go I'll be there

You're like the sun that brightens up the darkest skies The only one I'm seeing when I close my eyes Oh can't you see, you'll never be alone again, baby Don't you know

You are the one I treasure A part of me forever

Whatever we're up against

And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you
Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you

Just know that I'll be there with you

You're like the sunshine I've waited to see A beautiful moment always with me I've waited a lifetime only to be, be with you

And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you
Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you
