

Take the Throne

Hypocrisy

Take the throne!!
The pain comes quick and impulsive.
While an inverted cross, is burned on your back.
The blood pulsates when they pierces,
The human flesh with an iron barliever!
Die!!!!
Now raise your hands in the air,
And with eyes filled of hate.
Spit upon the holy crucifix,
And scream out in lust
Deicide!!
Slowly life is floating away,
And a demon from hell will rise.
He is there to lead you,
Upon the final path???
(To clear) all the lies, between heaven and hell.
You have desecrated many victims,
But your mind is still confused..
Why?
Oh let my victims please my only god.
I am worthy to be a servant of satan.
Come through the gate, (who is the worthy one) hahahah
suck on that grammar!!!
