

Time Is The Keeper

Ian Thomas

Everyone has a dream or a wish they would like to see come true
From the time you begin to crawl it's inside of us all
There are always those who go through life with a silver spoon
That can get so hard to take, just sit back and wait
Cause time is the keeper
(Time is the keeper)
Of the dreams you make
(Time is the keeper)
Dreams are the sleepers
(Time is the keeper)
Waiting to awake
(Time is the keeper)
You will get some of the things you want
But in your mind there's always more, guess that's the way we are
We all want to go so far
Patience is a virtue tried and proven, you get what's coming to you
You might as well have a seat, take a load off your feet
For time is the keeper
(Time is the keeper)
Of the dreams you make
(Time is the keeper)
Dreams are the sleepers
(Time is the keeper)
Waiting to awake
(Time is the keeper)
Time is the keeper
(Time is the keeper)
Of the dreams you make
Woah time is the keeper
(Time is the keeper)
Of the dreams you make
Woah time is the keeper
(Time is the keeper)
Of the dreams you make
Oh time is the keeper
(Time is the keeper)
