

Love Is Colder Than Death

Ikon

Through the coldness of this winter
I travel to your soul
It's the warmth your existence
That will build my emptiness

Through the wilderness
I travel to you
Through the wilderness
I yearn to be with you

The sacrifice I give
You wanted blood I bled
The sacrifice I give
You wanted all I gave it
The sacrifice I give
You want my soul I gave it
The sacrifice
The sacrifice

My journey will not end
Something compells me
I travel through the darkness
To be by your side

Through the wilderness
I travel to you
Through the wilderness
I yearn to be with you

The sacrifice I give
You wanted blood I bled
The sacrifice I give
You wanted all I gave it
The sacrifice I give
You want my soul I gave it
The sacrifice
The sacrifice

The sacrifice I give
You wanted blood I bled
The sacrifice I give
You wanted more I gave it
The sacrifice I give
You want my soul I gave it
The sacrifice
The sacrifice
