In Flames

The serpent knows When the curtain falls With denials blindfold It greets another day

Don't believe the mask It attempts to really lie The perfect ten When reality caves in

Don't tell me, tell my ghost 'Cause I blame him For all I don't want to know I found secrets about lies under told

Life's wrapped in a riddle Easier said than done Wait to play the victim Just run and hide

Don't believe the mask It attempts to really lie The perfect ten Where reality caves in

Don't tell me, tell my ghost 'Cause I blame him For all I don't want to know Well, I found secrets about life under told Let them take me far away

Call back in place It's easier to cope behind the curtain Wipe the worries away No thought about a consequence

Don't believe the mask It attempts to really lie The perfect ten When reality caves in

Don't tell me, tell my ghost 'Cause I blame him For all I don't want to know Well, I found secrets about life under told Let them take me far away
