

These hollow eyes are judging my every move  
Can I ever break away from the ropes you put around my hands  
You just want to take me captive and make me into a man I don't  
want to be  
Who am I to listen to what you have to say  
Because I will always be the winner of this game that you play  
How am I even going lose myself this time  
All you wanna do is watch me burn like fire  
But I'll never fall into your arms  
You'll be the death of me  
It gets so hard to breath  
If only you could consume my ability  
All you wanna do is watch me burn like fire  
But ill never fall into your arms  
You try so hard to be so much better than me  
If only you could get the best of me  
I'm the man that you wish you could be  
Jealousy you will never get the best of me  
Listen up night  
Keep your mouth shut  
And hold these opinions that you have very close  
Cause nobody wants to hear what you have to say  
Stay out of my way  
Get outta my face  
I'll decide your fate  
All you wanna do is watch me burn like fire  
But I'll never fall into your arms  
You'll be the death of me  
It gets so hard to breath  
All you wanna do is watch me burn like fire  
But I'll never fall into your arms  
You try so hard to be so much better than me  
If only you could get the best of me  
When you start digging up the dirt  
Its gonna take a lot more than this to put me six feet under
