

Be My Valentine

Jackie Boyz

Call the paramedic, call the call the paramedic,
C-c-call the paramedic cupid cupid just shot me
Call the paramedic, call the call the paramedic,
C-c-call the paramedic cupid cupid just shot me

And I can't get you outta my head
Spendin all my time searchin for the one I wanna be with
The prettiest girl I ever did see
Didn't know cupid was aiming at me
I wonder if I wonder if she knows yeah

So if you got the one for your heart in the sky
Let him know that love is startin
No I never had to wonder why cause I know for sure

Shes the reason why I buy alotta candy
In the mall spending all my money
Gotta make it clear so she understands me
I ain't got a girlfriend but you can be my valentine
Baby you can, baby, baby you can
You can be my valentine
Baby you can, baby, baby you can
