

# Infatuation

Jamie Foxx

Oh oh my baby oh

(Verse1)

I have waited for so long to hear you say

I wanna spend my whole life with you (yes I do)

Well I don't mean to fuss don't mean to push

I know your all alone

But there's just one thing I have to know

(Chorus)

Is it just infatuation?

Or is it real love? (real love?)

Is it just infatuation?

Well why don't you take me girl

And drive me in your life?

(Verse2)

I can't explain it

What you do to me

I get so excited when you call my name

I'm not ashamed (ah ah)

Ashamed to let the whole world see

Oh girl just what you do to me

Well I'm like a child that's lost his way

So won't you help me?

(Chorus x2)

Is it just infatuation?

Or is it real love?(real love?)

Is it just infatuation?

(i need to know right now my darlin please)

Why don't you take me girl

And drown me in your love?

Come on baby I need to know right now

Tell what you think of about me baby?

Tell me what you think about me girl?

Oh oh oh I need to know right now

Come on come on my baby

(Hook)

Even if I'm all alone

Gurl you give me strength

I can carry on (your the special kind)

Gurl I'm so confused I don't know what to do

Right on right on right on

(im turnin ya love its original)

And like the rain that falls on me

Girl ya heal my soul

Girl ya set me free

(girl this is how I feel)

Well baby ya know how

Girl ya see that ya my

My love baby my sweetness

Can I talk to you

We really need to work this out

Without a doubt

I need to know don't ya keep me hangin on

Well there's no need to do me wrong

(Chorus)

Is this just infatuation?

(come on) i need to know right now (if it's real)

What the deal tell me now come on my sweetness
