## **Sweet Sweet Surrender**

Shine shine on brightly Take away the night We'll float oh so lightly Before the morning bright Oh yeah

(Sweet sweet surrender)
Sweet sweet surrender
(Come to me now)
Come
(So warm and tender)
Warm and tender
(I will show you how)

Take a ride on a daydream Taking you no where It's all such a bad scheme I know cause I've been there Whoa oh

(Sweet sweet surrender) Sweet sweet sweet surrender (Come to me now) Come to me loving (So warm and tender) Warm and tender (I will show you how)

(Sweet sweet surrender)
(Come to me now)
(So warm and tender)
(I will show you how)
