## **Solidarity**

## **Jefferson Airplane**

People of the world together Join to serve the common cause So it feeds us all forever See to it that it's now yours

Forward without forgetting
Where our strength can be seen now to be
When starving or when eating
It's forward not forgetting our solidarity

Black or white or brown or yellow Leave your old disputes behind Once you start talking to your fellow men You'll soon be of one mind

If we want to make this certain We'll need you and your support It's yourselves you'll be deserting If you rat on your own sort

Forward without forgetting
Where our strength can be seen now to be
When starving or when eating
It's forward not forgetting our solidarity

All the gang of those who rule us Hope our quarrels never stop Helping them to split and fool us Just so they can remain on top

Forward without forgetting
Till the concrete question is hurled
When Starving or when eating

Whose tomorrow is tomorrow? And whose world is the world Solidarity
