

# Cry

Jennifer Rush

Ooo yeah ooo  
Between my mind and a broken heart  
Nobody enters, baby don't give up  
I - I could start it, but I can't begin  
Scared of what happens if I let you in

Would you make me cry  
Would you hurt me, break me inside (oh yeah)  
Would you love me or hurt me (yeah)

Caught in my mind when I want to fall  
Hangin' to something, but I lost it all

I - I've been standing on a windy night  
Hoping you'll call me afraid you might

Would you make me cry  
Would you hurt me, break me inside (oh yeah)  
Would you love me or hurt me (yeah)

Ooo we could be lovers oh baby  
What was broken love could now mend  
But I can shatter so treat me tenderly  
Where my heart's been can't go again

Would you make me cry  
Would you hurt me, heal me inside (oh yeah)  
Would you make me cry  
Would you love me, love me  
Would you make me cry
