

Is This Love?

Jessica Lea Mayfield

Is this a baby, are you out of my life
Is this a baby, it scares me when you're mad

I did all I could for you there's nothing left inside me
I gave my heart and soul to you, I let you lay beside me
I did all I could for you, and now all I wanna see
Is a smile on your face

Is this the baby, are you through with me yet
In this great big world you know I've never had a chance

I did all I could for you there's nothing left inside me
I gave my heart and soul to you, I let you lay beside me
I did all I could for you, and now all I wanna see
Is a smile on your face

Is this the baby, are you out of my life
