

Pop A Bottle

Jessica Mauboy

Day and night day and night your
On my mind on my mind, its only
You and I you and I just you and me yeah
Got me drunk on your love
So wheres the after party
Cos im just getting started
Keep on pouring it up
And don't you ever stop it
I know you know I want it

But I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough
Come on and fill me up fill me up
I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough
Come on and fill me up fill me up
Up up oowah oowah fill me x3
Come on and fill me up fill me up

Drink it down drink it down and I
Feel it now feel it now you got me
Going wild going wild I wanna scream
Cos im so drunk on your love
Don't wanna leave the party
Yeah im just getting started
Keep on pouring it up
Don't even think of stopping
I know you know I want it

But I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough
Come on and fill me up fill me up
I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough
Come on and fill me up fill me up
Up up oowah oowah fill me x3
Come on and fill me up fill me up

Gimme gimme more let it pour
Till it over flows
Anything you want take it all
Come on and give it to me
Gimme gimme more let it pour
Till it over flows
Anything you want take it all

But I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough
Come on and fill me up fill me up
I don't wanna wait until the weekend comes
Just so I can pop a bottle of your love
Take another shot ill never get enough

Come on and fill me up fill me up
Up up oowah oowah fill me x3
Come on and fill me up fill me up
