

# We're Alright Now

John Hiatt

Done pretty good now babe  
Keepin' the lights on this last little while  
Nobody trying' to hunt us down for somethin' we done wrong  
Got no reason not to smile

The sun come up every mornin'  
Even when it's too cloudy to see  
I was willin' to lose that years ago  
Don't know what was the matter with me

Baby we're alright now  
Gotta love so strong  
Alright now  
Even when it's wrong

A little gratitude now babe  
It sure can go a long, long way  
Feels good like eatin' ice cream  
So I try to have a little bit every day

A lot of heavy liftin'  
Bein' done on our behalf  
Didn't earn it, didn't deserve it  
We didn't even have to ask

And we're alright now  
Gotta love so strong  
Baby we're alright now  
Even when it's wrong

So won't you stay with me tonight  
We'll cry some tears and sing some songs  
Honey it's alright now  
All those bad old days are gone

Won't you stay with me tonight  
We'll cry some tears and sing some songs  
Baby it's alright now  
All those bad old days are gone

Oh we're alright now  
Gotta love so strong  
Baby, we're alright now  
Even when it's wrong

Honey it's alright now  
All those bad old days are gone
