

On My Way

Jordan McCoy

"Sometimes I..
I get a little bit confused ooh yeah
And sometimes they,
they tell me that I gotta choose
And if I had it my way then I choose you
If I could wish upon a star
I would be right where you are
And theres no place i'd rather be
So just reach out your hand to me

Cuz i'm on my way
Searching for tomarrow , today
This time i'm following my dreams
This time I wanna be free
I'm on my way (6x)
Ooh yeah this time im on my way
This time im following my dreams
This time I wanna be free
.. im on my way
