## **Wheels of Fire**

**Judas Priest** 

Born on the other side Of the track Gotta get outta here I won't look back

Born on the other side Wild as a hurricane Living in overdrive

Wheels of fire In my soul Wheels of fire Wheels of fire, let 'em roll

Too fast to give a damn Stand my ground No one or anything Can tie me down

Born on the other side Wild as a hurricane Living in overdrive

Wheels of fire In my soul Wheels of fire Wheels of fire, let 'em roll

Ride to live Live to ride Wheels of fire, forever

Born on the other side Wild as a hurricane Living in overdrive

Wheels of fire In my soul Wheels of fire Wheels of fire, let 'em roll

Wheels Wheels of fire ...
