

On The Lam

Kele

There's a voice in my head that I probably should have trusted
From the start, oh from the start
I've finally flipped out and I'm hiring a detective
To find out where I've been, where I've been

There's a voice in my head that I probably should have trusted
From the start, oh from the start
I've finally flipped out and I'm hiring a detective
To find out where I've been, where I've been

(I'm) I'm here
I've been hoping you'd find me
(I'm) I'm here
I've been waiting, waiting for you
(I'm) I'm here
I've been hoping you'd find me
Oh-hoo, Oh-hoo

(I'm) I'm here
I've been hoping you'd find me
(I'm) I'm here
I've been waiting, waiting for you
(I'm) I'm here
I've been hoping you'd find me
Oh-hoo, Oh-hoo
