

Every Baby

The Kelly Family

Dodo, dodo, dodo dodo... dodo, do do, dodo do... la da da da da da

R: Every baby needs a mama, needs a papa, close at hand
Every baby needs a mama, needs a papa, to hold their hand

1. I look in the eyes of a beautiful child
They tell me more than words
He reaches his hand and cries for something
Oh I'll give him all I have

R: Every baby needs a mama...

*: Birdies on the window,
see the birdies on my window
If I could fly, oh baby,
then I would fly, ooh
oh believe in me

2. I'm holding his hand and giving my love
Through happiness and sorrow
And in no time, he'll be a big boy
Oh what a wonder of love

R: Every baby needs a mama...

Every baby needs a mama, needs a papa, close at hand...
oh little baby you're not alone
