

Caroline

Kim Mitchell

I'm gonna ride out this love wave
breaking in my mind

CAROLINE
calling out loud I say wait
I want to know where I'm going

is it too late
for my love to be ever showing
is it too late
for my love to be ever growing
is it too late

hold it
CAROLINE I'm fading I'm fading I'm fading I'm fading away from
love
hold it
CAROLINE I'm breaking I'm breaking I'm breaking away from love

is it having the pain that doubles the heart
or is it having the heart that doubles the pain
all the signs say its having the heart
yes its having the heart that doubles the pain
