

## He Calls Me

### Kind of Like Spitting

He calls me nearly every day with what he's thinking  
He calls me 'cause his world is cruel  
'Cause I am cruel  
He calls me and sex almost always comes up  
I wonder what he's really thinking when he pulls the hair off m  
y face  
I wonder what he's really after  
He's got movies at his place  
I wonder what he's really wanting  
Is he lying right to my face?  
Soul converter!  
I'm gonna act like I never ever heard of ya  
He calls me every day
