

## Ladies of the Road

King Crimson

A flower lady's daughter  
As sweet as holy water  
Said: "I'm the school reporter  
Please teach me", well I taught her.

Two fingered levi'd sister  
Said, "Peace", I stopped I kissed her.  
Said, "I'm a male resister",  
I smiled and just unzipped her.

High diving chinese trender  
Black hair and black suspender  
Said, "Please me no surrender  
Just love to feel your Fender".

All of you know that the girls of the road  
Are like apples you stole in your youth.  
All of you know that the girls of the road  
Been around but are versed in the truth.

Stone-headed Frisco spacer  
Ate all the meat I gave her  
Said would I like to taste hers  
And even craved the flavour

"Like marron-glaced fish bones  
Oh lady hit the road!"

All of you know that the girls of the road  
Are like apples you stole in your youth.  
All of you know that the girls of the road  
Been around but are versed in the truth.
