So put a spanner in the works, Of your mind, It's easier to work, But I don't mind, You're bitter in defeat so, Just don't try To take away all the things I'll do in my life. I have to break down all the corners of the world. Don't heap this praise on me, I know I don't deserve it. But what's all this I see? Yeah you're leaving right beside me, And I miss you, and I need you. I do. But don't go, take my love, I won't let you, I'm saying please don't go. Don't go, take my love, I won't let you, I'm saying please don't go. Well leave your lover now, it's your turn. And see your mother now, I hope she's okay. You're bitter in defeat so, let's not try To take away all the things we'll do in our lives. I have to break down all the corners of the world. Don't heap this praise on me, I know I don't deserve it. But what's all this I see? Yeah you're leaving right beside me, And I miss you, and I need you. I do. But don't go, take my love, I won't let you, I'm saying please don't go. Don't go, take my love, I won't let you, I'm saying please don't go. All of my life, trying to understand. All of my life, trying to hold a hand. I have to break down all the corners of this world. Don't heap this praise on me, I know I don't deserve it. But what's all this I see?

Yeah you're leaving right beside me, And I miss you, and I love you.
