

2012

Korzus

Skies darken  
The sun fades  
Resuscitation underway

A holocaust  
Cities drown  
Fire consumes everything around

Losing time  
2012  
Time unwinds  
2012

Ice melting  
A virus spreads  
In time humanity is dead

All is lost  
Gods are gone  
Religion never sees the dawn

Losing time  
2012  
Time unwinds  
2012

Imminent the pressure of a perfect prophecy  
I can see it as a growing possibility  
Sacrifice the day to find  
The end is born to cleanse mankind

Skies darken  
The sun fades  
Resuscitation underway

A holocaust  
Cities drown  
Fire consumes everything around

Losing time  
2012  
Time unwinds  
2012
