

# This Wont Hurt A Bit

Lalaine

The colors of love  
In my life come and go  
Like the wind  
Never knew my heart could stop  
Til the day you walked in  
Now...

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
Won't leave you broken hearted

Yesterday's gone now  
I'm here, I'm here to stay  
Yesterday's gone now  
I'm here, I'm here to stay

Just with a touch  
Feel a rush and I get curious  
Dirty thoughts in my mind  
Everyime that I think about us  
And I want you

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
Won't leave you broken hearted

Yesterday's gone now  
I'm here, I'm here to stay  
Yesterday's gone now  
I'm here, I'm here to stay

Journey with me  
To a place were we can be free  
Journey with me  
To a place were we can be free  
Journey with me  
To a place were we can be free  
Journey with me  
To a place were we can be free

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit

Won't leave you broken hearted

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
Won't leave you broken hearted

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
Won't leave you broken hearted

This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
I'll finish what I started  
This won't hurt a bit  
Won't leave you broken hearted
