May the grace that sought my heart on that first day Be the grace that binds my heart to stay May the truth that opened up my eyes on that first time Be the thoughts on my mind that never go away

For You are a lamp to my feet A light to my path You're the hand that's holding me

Faithful God, every promise kept Every need You've met, faithful God

May the love that caught my heart to set it free Be the love that others see in me And may this hope that reaches to the depths of human need Be the song that I sing in joy and suffering

For You are the love that never leaves The friend that won't deceive You're the one sure thing

Faithful God, every promise kept Every need You've met, faithful God All I am and all I'll ever be Is all because You love faithfully Faithful God

How deep, how wide the love That pierced His side, the love Redemption's mine, oh love That will not let me go How deep Your love

How deep, how wide the love That pierced His side, the love Redemption's mine, oh love That will not let me go

How deep, how wide the love That pierced His side, the love Redemption's mine, oh love That will not let me go

Faithful God, every promise kept Every need You've met, faithful God All I am and all I'll ever be Is all because You love faithfully Faithful God, faithful God
