Mostly Memories

Less Than Jake

I can't seem to recognize, either side of this modern version o

fading person i was, i tried to memorize dates and times of old accidents and the failed attempts now, i'm still afraid of thos

mistakes i've made. i'm mostly memories, most missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, mostly abnormalities, i'm mostly you and me, and you and you and me. i can't seem to recognize, either side of my conversations or

contemplations i've done, i've tried to memorize the truth and lies, of the facts and fictions and the half truth admissions i 've

done. i'm still afraid of those mistakes i've made. i'm mostly memories, mostly missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, mostly abnormalities, i'm mostly you and me, and you and you and me. out of luck and had enough out of trust and out of touch, out of time i'm hanging up i'm mostly memories, mostly missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, i'm mostly you and me, and you and you and me.
