

# The Broken

Lit

Gettin' used to the view from the bottom  
Kicked in the balls but man we still got 'em  
People on top don't stop to see the problem  
We all fall down

Been screwed tattooed we've been tested  
We're not the one you wanna mess with  
Rollin' deep and goin' double fisted  
This is our town

Yeah yeah  
The girls are screamin'  
yeah yeah  
If we go down we're gonna go down swingin'

Whoa  
Show us what you're made of  
Let's go  
Nothing we're afraid of  
Scarred up shattered into pieces  
Don't mistake this as a weakness  
Stronger  
Everytime we suffer  
We find strength in numbers  
You can't take our hope and  
You can't break the broken

Try to knock us down and we'll get back up  
Pour another round and raise a glass up  
Here's to the ones they'll never get the best of  
Who's laughin now

Yeah yeah  
The kids are alright  
Yeah yeah  
And when we go out we're gonna go all night

Whoa  
Show us what you're made of  
Let's go  
Nothing we're afraid of  
Scarred up shattered into pieces  
Don't mistake this as a weakness  
Stronger  
Everytime we suffer  
We find strength in numbers  
You can't take our hope and  
You can't break the broken

We're battered and bruised  
With nothin to lose  
But we've got so much left to prove  
Tattered and torn  
But we're not alone

Whoa  
Show us what you're made of

Let's go  
Nothing we're afraid of  
Scarred up shattered into pieces  
Don't mistake this as a weakness  
Stronger  
Everytime we suffer  
We find strength in numbers  
You can't take our hope and  
You can't break the broken
