

My Kind Of Lover

Locksley

What I meant to say, two times since yesterday
Why won't you understand, there's another way
All you need to know, is if you didn't go
I would feel the same, maybe even more

Oh, I think it's a sign that all of the time
Though you left me behind, you're still on my mind
Yeah!

Well you've been gone for so long, girl
Yeah!

But I keep hanging on, girl
Yeah!

Until you tell me I'm wrong, oh girl

If you'd only be, lying here with me
Then I'm sure you'd know, then I'm sure you'd see
There's a place for us, at least I think there was
If the story says, and I think it does

Oh, I think it's a sign that all of the time
Though you left me behind, you're still on my mind
Yeah!

Well you've been gone for so long, girl
Yeah!

But I keep hanging on, girl
Yeah!

Until you tell me I'm wrong, oh girl

You're just my kind of lover (Time to love her)
You're just my kind of lover (Time to love her)
You're just my kind of lover, my kind of lover
My kind of lover

Yeah!

Well you've been gone for so long, girl
Yeah!

But I keep hanging on, girl
Yeah!

Until you tell me I'm wrong, oh girl
