

# Mean Old World

Lou Rawls

Sometimes I get disgusted, yeah  
My mind goes up and down  
Sometimes I get disgusted  
My mind goes round and round

Well, now my woman has quit me  
Now I'm feelin' low down

This is a mean old world to live in  
And I'm just travelin' through  
This is a mean old world to live in  
I'm just travelin' through

Sometimes I feel so lonely  
I don't know what to do  
Well, it's a mean old world

Well, if my baby comes back home  
Everything is gonna be alright  
If my baby comes back home  
Everything is gonna be alright

Then I won't have to worry  
No more late at night

I said, it's a mean old world  
And I'm just travelin' through  
Well, it's a mean old world  
And I'm just travelin' through

If my baby comes on home  
Then I won't be blue

Oh, it's a mean old world  
I'm just traveling through  
Mean, mean, mean, mean, mean
