

One Good Thing

Lou Rhodes

Everyday the news is telling
Of crisis and war
All I know is what they're selling
I ain't buying no more

And all it takes is
One good thing to happen
Yeah all it takes is
One good thing

And yesterday a man defied them
Standing in light
Bringing dreams of new tomorrows
Closer in sight

And all it takes is
One good thing to happen
Yeah all it takes is
One good thing

And all of life
Is just a trick of the light
And change will come just as day
Follows the night

And all it takes is
One good thing to happen
Yeah all it takes is
One good thing

And all it takes is
One good thing to happen
Yeah all it takes is one
Just one, just one good thing
