

When We Were Young

Lucy Schwartz

When We Were Young
When we were young
We were small but we didn't know it
When you were hurt
You would smile so you didn't show it
And I can't believe you're mine
Can't believe you're mine
When we were young
We were brave, we were wild warriors
And you liked to race
So we'd run to the distant shores
And I can't believe you're mine
Can't believe you're mine
When the night came we would both say goodbye and go
But now that I'm older I'm sleepless outside your door
So let me in
I can't believe you're mine
Now we are tall
We are wise
We are tired or growing
All of this time
You and I
How did we not know it
And I can't believe you're mine
Can't believe you're mine
Can't believe you're mine
