

End Of Time

Lumidee

(2x)

Give me something I can feel life
Give me something thats forreal life

I think its the one for me and me for you
Our destiny, Its waitin to be fulfilled
Follow your heart I know you will

Give me the worlds the melody
You play the music right to my beat
Larger than life the air I breath
Your so much than I could dream

I lose my mind how you shine your so fine
Can be mine?
Until the end of time
Until the end of time
All mine
All mine

My heart you got that
My sould you got that
My all you got that
My love you got that

(4x)

I can be your girl

(2x)

Give me something I can feel life
Give me something thats forreal life

Like Romeo and Juilet I been so in love since we first met
It really is thats how I feel
If fate took you from me I couldn't deal
I vision it seems so unreal
I never knew this all I can feel
My happiness gose throw and than
I knew are time was so well spent

(4x)

I can be your girl
