

## 365 Days

Lutricia McNeal

Where will I be 365 days from now  
Tell me  
How will I feel 365 nights without you  
Oh what would I do?

I remember what you used to say  
Things won't tumble down  
Now we're here and finally it changed  
When I'm standing on solid ground  
I don't understand  
When did we go wrong?  
And I can't imagine

And now it feels like we're drifting apart  
Things are not what they used to be  
Now I know it's written in your heart  
You don't wanna be a part of me  
I don't understand  
What did I do wrong?  
And I can't imagine

Oh what would I do  
Tell me

I've been trying so hard  
Not to let it show  
But deep within my feelings  
They glow  
Before you leave me and let me go  
Something I need to know  
Repeat Chorus  
365 nights without you
