

Our disease everywhere  
I wander I trail the song of your despair  
Everywhere don't you breathe  
Don't you dare  
Only life do you care when it's gone?  
Who's side are you on anyway?  
Do you care?  
Wanna stay ruled by your fear?

I don't know what it is that binds me to be like this  
We can't ever be at peace  
Carry on until we cease  
Realize that I would could spare you if only I knew  
How to be another man than the wanderer I am

Walk with me  
Into the world that waits to be - here  
Dawn the sea  
Of the light that wants to be - now

Always ahead of the truth in us  
Longing to be more than we are just because

Dawn is the promise  
Of light in the darkness  
Where we hide

Our disease everywhere  
I wander I trail the song of your despair  
Everywhere don't you breathe  
Don't you dare  
Only life do you care when it's gone?  
Who's side are you on anyway?  
Do you care?  
Wanna stay ruled by your fear?

All the world is yours to keep  
All you have to do is walk with me

Walk with me  
Into the world that waits to be - here  
Dawn the sea  
Of the light that wants to be - now

Always ahead of the truth in us  
Longing to be more than we are just because  
Time holds a candle for each of us  
Don't let it burn without meaning or a cause

Dawn is the promise  
Of light in the darkness  
Where we hide

All the world is yours to keep  
All you have to do is walk with me  
All the world is yours to keep  
All you have to do is walk with me
