

# All Of Them Ladies

## Machine Gun Fellatio

All of them ladies in their  
Summer dresses  
Driving me crazy with their  
Second wind

All of them ladies in their  
Summer dresses  
Driving me crazy with their  
Heroin

I found your number I was  
Feeling lucky  
I wish I could call you after  
Everything

All of them ladies in their  
Summer dresses  
Driving me crazy with their  
Second wind

I should be sleeping but I'm  
Out on the highway  
Crosses and flowers they are  
Everywhere

Lights on a raindrop  
Hypnotise me  
Calling your name and  
You're not there

I watch the sunrise  
Sea turns golden  
I close my eyes and I am  
Born again

I am surrounded by the  
Things that we were  
And we were happy in your  
Second wind

All of them ladies in their  
Summer dresses  
Driving me crazy with their  
Heroin

All of them ladies in their  
Summer dresses  
Driving me crazy with your  
Heroin

I'm so sorry  
I am sorry  
I'm sorry about  
Everything

I'm sorry  
I'm sorry

I'm sorry  
Heroin
