Don't Invent Me

I won't know another 'Til I know I won't know another 'Til I know Even though I keep on telling you But still oh no, no I won't know another 'Till I know Here, only love Don't invent me 'Til you need me Will I fall in now? Only love, don't invent me 'Til you need me I won't love another 'Til I learn I won't love another 'Til I learn Even though I keep on telling you But still oh no, no I won't know another 'Til I know Here, only love Don't invent me 'Til you need me I fall in now Only love, don't invent me 'Til you need me Here, only love Don't invent me 'Til you need me I fall in now Only love, don't invent me 'Til you need me Here, only love Don't invent me 'Til you need me I fall in now Only love, don't invent me 'Til you need me Here, only love Don't invent me 'Til you need me I fall in now Only love, don't invent me 'Til you need me
