

Askew Road

Manic Street Preachers

Askew Road, with charm of napalm
A second home, with love for you all
Askew Road, with bullet proof vows
Always facing hostility and doubt

You make your beds boys, and clear your heads boys
Leave your life behind, reclaim it when you can
Like a deep loss, already restored
Humane and deeply flawed

Askew Road, with cigarette burns
A second home, with love for you all
Askew Road, with bullet proof vows
Always facing hostility and doubt

You make your beds boys, and clear your heads boys
Leave your life behind, reclaim it when you can
Like a deep loss, already restored
Humane and deeply flawed

"Most bands have no respect for us at all, which is fine
because we didn't form a band to get respect from other
musicians, You know / That was never an important
criteria to us / it's just tragic i think"

Askew Road, a place in my heart
Forever hoping we'll all make our way back
