Blockades won't win you more votes A Cuban adjustment act Offer the world a dream Dress it up - it's blackmail

Internal matter they say
For two million dollars a day
Maybe a future in film
But Cuban boxers still win

Kidnapped - to the promised land
The Bay Of Pigs
Or baby Elian
Operation - Peter Pan
America
The Devil's playground

Baby Elian Baby Elian

Across the unfair divide
Where black will never meet white
So read my token lips
As if they never exist

You cannot buy a nation Not even Miami mob We follow a shining path That you will never destroy

Kidnapped - to the promised land
The Bay Of Pigs
Or baby Elian
Operation - Peter Pan
America
The Devil's playground

You don't just sit in a rocking chair When you've built a revolution
