

Serotonin

Mansun

My migraine makes me ill
My electricity is low
My laceration soothes itself
My chemicals flow

And I'm boosting what I take
Just like the Germans, getting off
On herbal vacuum, pumps of blow
It shows all I know

And I drop and I drop
And my body levels drop
And my nerve's clogging up
Sucking all the substance up

With this method that I have found
I'm redressing all I know
I can change the amount of God
That wraps around me

From a satellite they fire
Serotonin from eight miles
Above Deeside in binary
It orbits my streets

And I drop and I drop
And my body levels drop
And my nerve's clogging up
Sucking all the substance up
