

# Momentary Setback

Marc Broussard

Staring out the window  
Watching the world go by  
Oh  
Sometimes it's as if God  
Takes too long  
Why don't I just take my own life?

But then my better sense kicks in  
Sit back and take a breath  
Why am I thinking like that?  
I'm only thinking of myself

Slow down, boy  
Relax  
Momentary setback  
Don't take it so fast  
Slow down boy  
Relax  
You'll make it back  
Quick, fast, in a hurry

Standing at the water's edge  
As my dreams float by  
Ooh  
I can't remember a time  
When anything went right  
I might just keep stepping on  
Into the river's arms open wide

But I'll hang on and ride  
Suicide  
Pray the night  
Every life is a gift  
Holy light  
Sanctify

Slow down boy, relax  
Momentary setback  
Don't take it so fast  
Slow down boy, relax  
You'll make it back  
Quick fast in a hurry

Slow down boy [x3]

Slow down boy [x3]

Slow down boy, relax  
Momentary setback  
Don't take it so fast  
Slow down boy  
Relax  
You'll make it back  
Quick, fast, in a hurry
