

## Funky Song

Margaret

Welcome to my private zone  
But if you don't behave, to be playin' your phone  
It takes more than wine and dine to get me alone  
Gonna take more to, let's get it on  
Hey baby, I'm the one who plays the game  
I don't give a damn about the walk of shame  
You need more than skills to get out of the lame  
Gonna take more than a, let's get it on  
Try to raise the bar, you know that I'm a star  
'Cause we both know who you really are

And although we get along  
Laughing, joking all night long  
Gonna take more than a funky song, ooh-oh-oh  
You take home all the girls  
And you think you own their world  
But you gonna learn when the tables turn  
Yah-yah-yah, yah-yah-yah, yah-yah-yah  
But you gonna learn when the tables turn  
Yah-yah-yah

And if you're full of it, you're best be gone  
'Cause all them thoughts were independent alone  
I go through bad boys like a rollin' stone  
So, can you get it on?

And although we get along  
Laughing, joking all night long  
Gonna take more than a funky song, ooh-oh-oh  
You take home all the girls  
And you think you own their world  
But you gonna learn when the tables turn  
Yah-yah-yah, yah-yah-yah, yah-yah-yah  
But you gonna learn when the tables turn  
Yah-yah-yah

You can be the one if I want  
We can be the two if we do  
Aim for the sky to reach the moon  
You know, you can be the one if I want  
We can be the two if we do  
Aim for the sky to reach the moon  
End of the day, you know I let you

And although we get along  
Laughing, joking all night long  
Gonna take more than a funky song, ooh-oh-oh  
You take home all the girls  
And you think you own their world  
But you gonna learn when the tables turn  
Yah-yah-yah

And although we get along  
Laughing, joking all night long  
Gonna take more than a funky song, ooh-oh-oh  
(So to all the ladies out there)  
You take home all the girls

(Please, don't forget how beautiful you are)  
And you think you own their world  
But you gonna learn when the tables turn  
(Stand up straight, dream big)  
Yah-yah-yah  
(Embrace the mistakes)  
Yah-yah-yah  
(Smile proudly and laugh loudly)  
Yah-yah-yah  
(I mean, you are a sensational)  
But you gonna learn when the tables turn  
(You're so sooh-sooshinal)  
Yah-yah-yah  
(Sensooshinal)  
Yah-yah-yah  
(You're amazing)  
Yah-yah-yah  
(The end)  
Yah-yah-yah, yah-yah-yah, yah-yah-yah  
(Na-na-na-na-na)  
Yah-yah-yah, yah-yah-yah, yah-yah-yah
